GAINESVILLE, FLORIDA, SUNDAY, MAY 9, 1909

TEN CENTS A WEEK

YOUNG MEN'S FATE IN HANDS OF JURY

Judge Wills May Receive Verdict in Bexley-Osteen Case Today Should Jury Agree.

The last day of the first week of the Circuit Court convened at 8:30 o'clock Saturday morning, Judge Wills presiding.

A number of witnesses were introduced by the defense in the matter of proving an alibi for the defendants, principal among which were the following:

Mrs. Tabb,

grandmother of Wm. A. Bexley, took the stand. Stated her relation to the defendant. Said she was at the Bexley home on the night of July 29, 1908. Will Bexley came to supper about 7 o'clock. Witness described location of rooms in house. Will Bexley's room was adjoining one of her daughter, Mrs. M. A. Bexley, who was ill, and witness was attending her. Leaving the patient's room she went into her own, saw Bexley in his room, and talked to him several moments. This was about 10 o'clock. Witness described various locations in vicinity of the Bexley home, by aid of the map.

Stella Bexley,

sister of Wm. A. Bexley, stated her relation. Was in High Springs on night of Moreland's murder, and at the home of her parents, where Will Bexley also resided. Witness stated that Bexley was at home at 10 o'clock on the evening of July 29, and did not leave the house afterwards until taken by the officer.

On cross-examination, witness stated that she was positive her brother did not leave his room after 10 o'clock, as she was in her grandmother's room adjoining a great deal of the time, and was aware of his presence. She also passed through his room upon one occasion and went onto the back porch to get some water, when she observed him in bed. Witness had not retired when officers came after him.

Roscoe Osteen,

brother of Truby Osteen, was in High Springs on the night of July 29, 1908, and stated that he was at his home, and that Truby Osteen came home at 10:15 o'clock, and never left again until the officer called for him. Did not appear to be excited or fatigued.

Cross-examination: Witness had not been home previous to 10 o'clock that night. Knew the time Truby Osteen came in, as his mother asked the time of night, and he looked at

his watch. Officers came about thirty or thirty-five minutes after Truby Osteen's arrival home, and after he (Truby) had retired. Witness, Truby Osteen and two other brothers slept in the same room.

Lester Osteen,

another brother of Truby Osteen, stated that he reached home about 9:50 o'clock on the night of July 29, 1908, and retired. Truby Osteen came in about 10:15. Witness had not gone to sleep. Truby Osteen did not appear excited or unduly exerted. Witness slept in the same room with Truby Osteen. Truby did not leave the room after about 10:15, until the officers arrived, which was between 11 and 11:30 o'clock.

Witness could not remember whether or not he testified in habeas corpus proceedings as to the time he came in, and the time Roscoe Osteen came in.

Jesse Osteen,

the third brother of one of the defendants, slept in the same room with said defendant. Witness got home about 8 o'clock and went to bed. His testimony corroborated that of Roscoe and Lester Osteen.

Mrs. Osteen,

mother of Truby Osteen, was next placed on the stand. Stated relation. Witness remembered well the night of the murder of Moreland. Truby Osteen came home about 10:15 o'clock. Witness heard him when he came in, and saw him just after. Knew the time, because her husband was sick and she was giving him medicine. For that reason she ascertained the time from Roscoe Osteen, Marshal Bryant, Mr. Brown, and another gentleman came to the house about an hour later, found Truby Osteen at home in bed, and placed him under arrest.

D. Roland

was in High Springs on night of July 29, 1908, and heard shot which killed Moreland. Saw Will Bexley a few moments before the shot. Was passing Bexley's home and saw Will Bexley standing in a room in the house. There was a light in the room, and he positively recognized Bexley. Witness was on his way home, and by aid of the map, indicated the route he traveled from Setzer's store to his home.

A rigid cross-examination by State

Attorney Rivers had a tendency to excite the witness considerably. Had no interest in result of this case. Had not received any compensation to testify, neither had he been promised anything.

Witness testified in habeas corpus proceedings.

"When did you first find out that you were to be witness in this case?" Did not know until he was summoned.

Witness could not remember whether or not he testified at habeas corpus proceedings that he had told anyone he had seen Bexley just before the shooting on the night of July 29, 1908.

Counsel for defense retired from 11 to 11:30 for consultation, and jury was given a little chance to exercise, taking a walk.

J. P. Philpot

was called. Objection by State overruled, and witness sworn. Witness knew Geo. W. Livingston, deputy sheriff. Was with Mr. Livingston, Night Marshal Griner and others when they searched for tracks on morning of July 30.

Witness was shown map, and indicated route taken by them. Saw tracks they were following. There were two tracks. One track appeared to be made by a woman's shoe. Could not say, but would take it to be a walking track. The other appeared to be made by a man's shoe.

On cross-examination, witness said he judged the tracks about two feet apart.

Witness stated that he arrived in the city Friday morning. When asked by Attorney Rivers if he had not talked with Judge Bexley about the case on Friday, witness replied that he had not, except that Judge Bexley asked him if the tracks still appeared fresh to him, when he (witness) replied that they did.

"Was you not talking to Judge Bexley about the case before you talked to me yesterday morning, and were you not interrupted by the approach of Mr. Livingston?" asked the State Attorney.

"I was not," was the reply.

Reputation Was Good.

J. Alwood, mayor of High Springs, was recalled, and testified that reputation of defendants was good as far as he knew.

David Merchant was sworn and testified as to the reputation of both defendants.

Peeler Easterlin,

another youthful witness, was shown the map, and designated the house in which he lived. He was at home when shot was fired on the night of July 29, when Moreland was killed. Had just come in from down town, when he heard report of pistol. After report of pistol some person ran through the back yard at his home, but he could not recognize the person. Went to the scene of the homicide.

Mrs. Mizelle

is a stenographer, and took testimony in the inquest proceedings over the murder of W. H. Moreland. Tom E. Mixon did not testify at this hearing.

J. W. Patton Recalled.

J. W. Patton, civil engineer and surveyor who prepared the map in evidence, was called to verify same as regards scale, distance, obstructions, etc. The examination was lengthy, after which court adjourned for the noon hour.

Afternoon Session.

Court convened at 2:15 o'clock, pursuant to adjournment of noon.

State Attorney Rivers asked permission to confer with some witnesses which was granted.

Z. S. Floyd.

The first witness in the afternoon was Z. S. Floyd. Witness remembered the night of the murder of Moreland. Was in High Springs that night, and called at Judge Bexley's home. Was in company of Mrs. Stella Bexley. Was there from three o'clock of an hour to an hour and

HOUSE KILLS BEARD'S DISFRANCHISEMENT BILL

Vote Was 34 to 21 in Favor of Measure But 42 Votes Necessary for Passage.

Special to The Sun.

TALLAHASSEE, May 8.—Senator Beard's suffrage amendment which passed the Senate last week by a vote of 20 to 10 failed of passage in the House this afternoon by a vote of 34 for to 21 against, forty-two votes being necessary to its passage.

The vote on the proposition was taken immediately upon the conclusion of Senator Money's argument in favor of the bill. Senator Money of Mississippi was invited to address the body upon the merits of the measure, and made an earnest appeal in behalf of its passage.

Representative Duke voted against the bill. Judge Carter was absent on committee duty.

The resolution contained the clause:

"Every white male person of the age of 21 years and upwards, who shall at the time of registration be a citizen of the United States," etc., "shall be deemed a qualified elector at all elections under this constitution," which language is directly in conflict with the fifteenth amendment to the Federal constitution.

Committee Coming to Gainesville.

The joint Senate and House committee appointed to visit the State educational institutions will go to St. Augustine to inspect the Institute for the Deaf, Dumb and Blind on Monday, and will spend Tuesday and Wednesday in Gainesville inspecting the University of Florida.

SENSATION SPRUNG IN HOUSE BY ROBERSON

Admitted That Certain Members Had Organized to Oppose Passage of Further Amendments.

TALLAHASSEE, May 8.—The feature of the session of the Lower House yesterday was the admission that certain members had banded themselves together to vote against any further amending of the constitution, because a complication of such amendments on the ballot might lessen the chances for the carrying in the election in 1910 of the amendment looking to State-wide prohibition.

Mr. Roberson, who had incidentally referred to the agreement, to which he was a party, finally read it, and, under pressure, also read the names of those who had signed it.

After a fight, the House ordered that this information be spread on the Journal.

Mr. Smith having given notice, he moved to reconsider the vote by which House Joint Resolution No. 150, to keep out the negro vote by educational qualifications. Mr. Smith made his speech of the session in support of his resolution. With tears in his voice he pleaded for white supremacy. Mr. Smith alluded to the petition which Mr. Roberson had admitted signing Thursday, which petition promised that the undersigned would vote for no constitutional amendment during this session, the purpose of this being to protect the prohibition amendment.

Mr. Roberson rose and said yes, that he had signed it and would read it, which he did, and upon pressure brought upon him he read all of the names which appear below as signing such a petition: Pattishall, Roberson, Wiggins, Richbourg, Brown, Miller, Cowan, Lodges, Duke, Padden, McCaskill, Knight, Kelly, Boland, Pace, Carr, Light, Oelrich, Gledhill, Hibern, Alexander, Moore and Cox.

Carter and Broward.

By a vote of 8 to 21 the House last night declined to adopt the minority report offered by Representative MacWilliams of St. Johns, and containing a resolution concerning the Trustees of the Internal Improvement Fund and the payment of the franchise fees. The action of the House followed upon a speech lasting for over two hours, and offered by former Governor N. B. Broward by invitation

of the House. The address was forceful and clear, and the former Governor replied to every question asked him.

The sensation of the session was when in reply to many questions the former Governor stated that Syd L. Carter, Representative from Alachua and chairman of the Internal Improvement Investigating Commission, had written him a letter asking to be appointed special counsel for the trustees. This coupled with the statement made by the Governor that Mr. Carter wrote that portion of the report which criticizes the attorney's fees paid, created some kind of a sensation.

Mr. Broward refused to give the letter in full until Mr. Carter could be present to reply.

All the afternoon the House wrangled over the MacWilliams resolution. Mr. Carter spoke much of the afternoon and resumed in the evening for an hour. He then left the hall to leave on a train with a legislative committee.

Immediately after Mr. Carter had finished speaking, resolutions were adopted inviting the former Governor to come in and address the House on the question. He was greeted by applause when he entered the hall, and was escorted to the speaker's stand.

Speaker Pro Tem Stokes resolved the House into a committee of the whole, and then called Representative James Alexander of Volusia to the chair.

Mr. Broward clearly outlined the action of the trustees regarding Mr. Jennings and forcefully defended himself against all charges made regarding the paying out of the fees.

Mr. MacWilliams during the evening referred to the fact that he had voted for Mr. Broward for United States Senator, and that therefore his action regarding the minority report was in accordance with his sense of duty, and not from any personal animosity whatever.

The statement was brought out that State Treasurer Knott on two or more occasions voted against the payment of certain fees.

Isn't there something which only a certain class can do for you today?

Senate Passes Anti-Racing Bill to Third Reading

TALLAHASSEE, May 8.—Despite a stiff fight by Senator Buckman of Jacksonville, the Senate yesterday afternoon passed the Sloan anti-race track gambling bill from second to third reading by refusing to indefinitely postpone the measure by a vote of 20 to 1.

Voting with Senator Buckman were Senators Harris, McQuinn and Sims. Senator Sloan made a strong speech in behalf of his measure.

Senator McQuinn was backed with resolutions from the Tampa city council and letters and telegrams from business men of Tampa and Hillsboro county protesting against race track gambling and urging the passage of the bill. Among them were several prominent Hillsboro sports officials.

The entire afternoon was spent in

TENNIS TOURNAMENT STILL IN PROGRESS

CONTEST WILL PROBABLY END
ON TUESDAY.

Preparations for Final Ball at University—Annual Report of Experiment Station—Other Notes.

One of the most enjoyable social events of the year was the straw ride and luncheon given by Dr. Koppel and Professors Fawcett, Wilson, and Winters in honor of the Senior class. The party started about 7:30 on Friday night, and after driving around the square and giving the class yells, went to Newman's Lake. Upon their return they drove out to the campus and had luncheon at the green house. Much of the pleasure of the evening was due to the chaperone, Mrs. P. H. Rolfs.

The tennis tournament is still in progress and will probably not be decided until Tuesday afternoon. The contests so far decided are as follows, the winners name in each case being given first: Wilson, R. N. vs. Wilson, F. T.; Langston vs. Riley; Rader vs. Price; Chapin vs. Kay; Drawdy vs. Drane; Rader vs. Drawdy; Wilson, R. N. vs. Rader. The tournament is to decide the championship of the University. To the winner will be given a handsome silver loving cup presented by the firm of C. H. Coles & Son. The cup is now on exhibition in the show-window of the firm.

The arrangements now being made for the Final Ball will probably result in one of the best balls ever given at the University. Every detail is being carefully worked out by the officers: H. L. Thompson, president; L. K. Riley, vice-president; E. A. Taylor, secretary and treasurer. Owing to the small number of young ladies in Gainesville it is hoped that quite a number of young ladies will be present from other cities.

During the commencement exercises contests in declamation will be held by members of the Freshman and Sophomore classes. The Juniors and Seniors select each four of their members to compete for the Junior and Senior oratorical medals. The Junior speakers and the subjects of their orations are: Barco, "Money Hunger;" Capleman, "The Making of a Nation;" Drane, "Conservation of Natural Resources;" Rader, "Education for Service." The Senior speakers and their subjects are: Ames, "Holy Grail;" Gibbs, "Hard Roads;" Kay, "Solid South;" Martin, "Tariff Revision."

The annual report of the Experiment Station has just been received from the printer. It gives a good description of the work being done by the station. A particularly valuable feature is the extremely carefully worked out index. This covers twenty pages of eight-point type. From it one can easily find what is being done in the line in which one is interested. Many will find the heading reminders of great value.

Prof. Belling has received some seedling sugar cane plants from the Barbadoes, and is seeking to acclimate them in Florida. The cane from the Barbadoes is most probably the sweetest in the world, some giving as high as 29 per cent of sugar, whereas the Florida cane gives from 11 to 14 per cent, and that from Louisiana only 8. If this cane can be introduced into Florida, and retain its percentage of sugar, it will prove of great financial value to the State.

A new green-house for the use of the plant physiologist is to be constructed in the near future.

Miss Fawcett and Miss Koppel, who have been visiting their respective brothers, have returned to their homes.

Prof. Rolfs visited Arcadia during the week to address a Farmers' Institute.

Prof. Floyd has returned from Eustis and Grand Island. He is carrying on investigations in these places of orange diseases.

Prof. Blair brought back with him from the East Coast a large number of samples of soil and now the station chemists are busy determining their properties.

Interest in the piano contest of L. J. Burkhim has been very spirited during the past week and one of the largest votes since the contest started was polled, but the general standing remains about the same.

Whooping Cough.

This is more dangerous disease than is generally presumed. It will be a surprise to many to learn that more deaths result from it than from scarlet fever. Pneumonia often results from it. Chamberlain's Cough Remedy has been used in many epidemics of whooping cough, and always with the best results. Delbert McKelg of Harlan, Iowa, says of it: "My boy took whooping cough when nine months old. He had it in the winter. I got a bottle of Chamberlain's Cough Remedy which proved good. I cannot recommend it too highly." For sale by all druggists.

Elder Mattox Here.

Elder O. T. Mattox and wife are stopping with their daughter, Mrs. Walker. Rev. Mattox has accepted a call from a church in New York and will leave for his field of labor next Tuesday. He will occupy the pulpit at the Advent Christian church today at both services. He is an able preacher and has held some important positions in his denomination, having been editor and business manager of their Southern paper, Present Truth Messenger, for five years, besides having been president and State evangelist of the South Georgia and Florida Conference.

Ayer's Sarsaparilla is a tonic. It does not stimulate. It does not make you feel better one day, then as bad as ever the next. There is not a drop of alcohol in it. a half. Left the home about 9 o'clock. Motion to strike out by defense was denied.

M. P. Summers

was recalled. Was running telephone exchange at High Springs at time of Moreland's murder. Was asked if Pate Sims, who was working at the exchange, did not ask to get off that night. Objection by defense, on grounds that it was a fact that Sims was off, and it was immaterial how and why he got off duty. Objection sustained.

George F. Reed

was at Higdon Hotel on July 29, 1908, when Moreland was killed. Higdon Hotel is about one hundred feet from Mr. Futch's corner. Was in his room, front of building, second floor. Heard talking about two minutes before the report of the pistol.

Grady Pedrick

recalled to testify as to point where he lived and other points on the map.

E. K. Anderson

stated that reputation of Wm. A. Bexley as a quiet, peaceable citizen is good.

Witness admitted, however, that he did not consider his (Bexley's) reputation as a law-abiding citizen good.

Dr. C. C. Barrs, when asked if he knew Bexley, replied that he did, and that his reputation as a peaceable citizen was good. Witness did not remember ever hearing it discussed.

Miss Lois Hale

was the last witness introduced by State, being recalled for the purpose of contradicting the testimony of certain witnesses at this term of the court, as varying from the evidence of these witnesses in the habeas corpus proceedings in January. Witness was court stenographer at both hearings.

Concluding with this witness the State announced closed, at 3:40 p. m.

The Argument Begun.

Attorney Stripling for the defense announced that the defense was willing to submit the case without argument, but upon the charge of the court. Attorney Rivers objected to this, and the argument began.

Attorney W. H. Baker, who had been employed to assist State Attorney Rivers in the prosecution, opened for the State, speaking about thirty-five minutes. He was followed by Attorneys W. S. Broome and B. A. Thrasher for the defense, after which the court took a recess until 1:30 o'clock.

The evening session convened at the appointed hour. Attorney J. N. Stripling made an eloquent plea for the defense. His speech was brief, comprising fifty-three minutes, but the closest attention was paid, not only by the jury, but by the large number of spectators present.

Attorney J. M. Rivers closed the argument for the State in a quick, convincing manner, speaking for an hour and five minutes, after which the charge of the court, which was a most fair and comprehensive one, was delivered by Judge Wills.

Jury Retires.

The jury retired to consider their verdict at 10:05, and about 11 o'clock requested further instructions from the court, which were given, and the twelve men again retired for further consideration of the case, but at 12 o'clock had reached no decision, when Judge Wills announced the court adjourned until 9 o'clock Monday morning, with instructions to the sheriff not to call him during the night, but in the event that the jury reaches a decision by morning, he would receive him.

Dead Man's Father Present.

R. W. Moreland, father of W. H. Moreland, the murdered man, was in the court room a greater part of the trial, but did not make himself known to the jury until Saturday afternoon. Mr. Moreland's home is in Woodburn, Morrisweather county, Ga. He is a gentleman of about forty-five, slightly gray, and of very neat appearance.

"MOTHER'S DAY" SERVICE.

Presbyterian Church Will Act Upon
Request of Governor Gilchrist.

"Mother's Day" will be observed
in this morning's service at the First
Presbyterian church, according to the
request of Governor Gilchrist. The
sentiment is very tender and sacred
and it appeals to everyone who has
a good mother on earth or in the
other world.

A very suitable act of honor and
love to an absent mother or to the
memory of one whom we shall never
more meet here is that of making a
special offering for the church.
And the mother who is a living bless-
ing to the home would be pleased
with the special attention of going
with her to the sanctuary of worship
this morning and making this offer-
ing to her church.

Everyone whose heart prompts him
to express in this way his apprecia-
tion of his mother is invited to do
so at the morning service. All such
gifts, to be put in separate marked
envelopes, will be used in payment of
the church debt, or for any special
purpose designated by the donor.

In the baseball contest between the
Palatka team and the Gainesville
team, both composed of the younger
players of the two cities at Inter-
lachen on Friday, the latter came out
victorious by a score of 5 to 4.

Both teams were evenly matched
and it is stated that the Palatka ag-
gregation are good players and put
up a very snappy game, but it was
just a "lucky day" with the Gaines-
ville crowd.

Fine work was witnessed through-
out the game by players on both
sides, Taylor doing excellent work
for Gainesville.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows
Luxuriantly.

Hair preparations and dandruff cures,
as a rule, are sticky or irritating affairs
that do no earthly good. Hair, when not
discussed, grows naturally, luxuriantly.
Dandruff is the cause of nine-tenths of
all hair trouble, and dandruff is caused
by a germ. The only way to cure dand-
ruff is to kill the germ, and, so far, the
only hair preparation that will positively
destroy the germ is Newbro's Herpicide—
absolutely harmless, free from grease,
sediment, dye matter or dangerous drugs.
It allays itching instantly; makes hair
glossy and soft as silk. "Destroy the
cause, you remove the effect." Sold by
leading druggists. Send for stamps for
sample to The Herpicide Co., Detroit,

MAD DOG AT BELL.

Parties Who Were Bitten Have Gone to Atlanta for Treatment.

BELL, May 8.—The mad dog excitement is very great here. There were bit last week J. W. Jones, Daniel Jenkins and Henry Philpot, who have gone to Atlanta for treatment.

The head of the dog was sent to Atlanta for inspection. Information by wire was that the dog had hydrophobia, and those parties who had been bitten hurried to Atlanta for treatment.

It is ordered by the council to muzzle the dogs, or confine them, and all dogs running at large to be killed. A number have been killed.

S. O. Barron is shipping cukes, and getting fair returns.

The cold wave last Sunday has stunned the crops a little, but they are looking fine.

MELROSE NOTES.

MELROSE, May 8.—A representative of the U. S. Geological Survey Department was in town on Thursday. Chartering the "Levenia" he took soundings all around the lake about a quarter of a mile from shore, and also in the middle. From here he drove to Lake Geneva for the same purpose. The results will be seen in the topographical map of Florida, soon to be issued at Washington.

A very good job was done recently by W. H. Lee in shortening the town flagpole, which was 105 feet tall, by sawing it off level with the ground and dropping it into a new hole dug close to the old stump, which had begun to rot. About 5½ feet were taken off.

Quite a crowd of the young men are enjoying a camp on the shores of Lake Geneva, visiting parties going out to spend the day with them.

The temperature during the past cold snap fell to an average of 57 degrees with a rainfall of .60 inches.

C. P. Huffman has returned from his visit to Lake City, bringing his son, C. P. Jr., who is a student at Columbia College there, with him.

SEA ISLAND COTTON.

Market Firm With Fair Demand. Quotations Unchanged.

SAVANNAH, Ga., May 8.—The market for Sea Islands was firm with a fair demand, and fair business was reported. At the close the market was firm with business being done at outside figures, and holders generally asking higher. This was the case at least for the better grades. The lower grades were relatively in more liberal supply and in less demand. Prices remain quotably unchanged throughout.

There were no new developments of interest regarding the new crop except that the unreasonably low temperatures were not favorable for satisfactory growth, and are expected to cause trouble with lice.

Sales for the week, 612 bales.

Chamberlain's Liniment.

This is a new preparation and a good one. It is especially valuable as a cure for chronic and muscular rheumatism, and for the relief from pain which it affords in acute inflammatory rheumatism. Those who have used it have invariably spoken of it in the highest terms of praise. Lame back, lame shoulder and stiff neck are due to rheumatism of the muscles, usually brought on by exposure to cold or damp, and are quickly cured by applying this liniment freely and massaging the affected parts. Soreness of the muscles, whether induced by violent exercise or injury, is allayed by this liniment. For sale by all druggists.

EMANCIPATION DAY.

Jeff Simons is Working for Large Crowd for Cedar Key.

Jeff Simons is working hard for a crowd for Emancipation Day, which will be fittingly observed by the race of Cedar Key and other sections at the former place on May 20th.

The program as arranged will consist of sack racing, tub racing, potato races, yacht racing and a grand union Sunday school picnic, the dinner to be served at the light house.

Arrangements are now being perfected for a special train, which will be placed on between this city and that point for the occasion.

Many weak, nervous women have been restored to health by Foley's Kidney Remedy as it stimulates the kidneys so they will eliminate the waste matter from the blood.
